

Name _____

ZEBRAFISH CROSSWORD PUZZLE (LEVEL 1)

Across

- 3 Where an animal lives.
- 5 Makes small things look bigger.
- 6 Food for the embryo.

Down

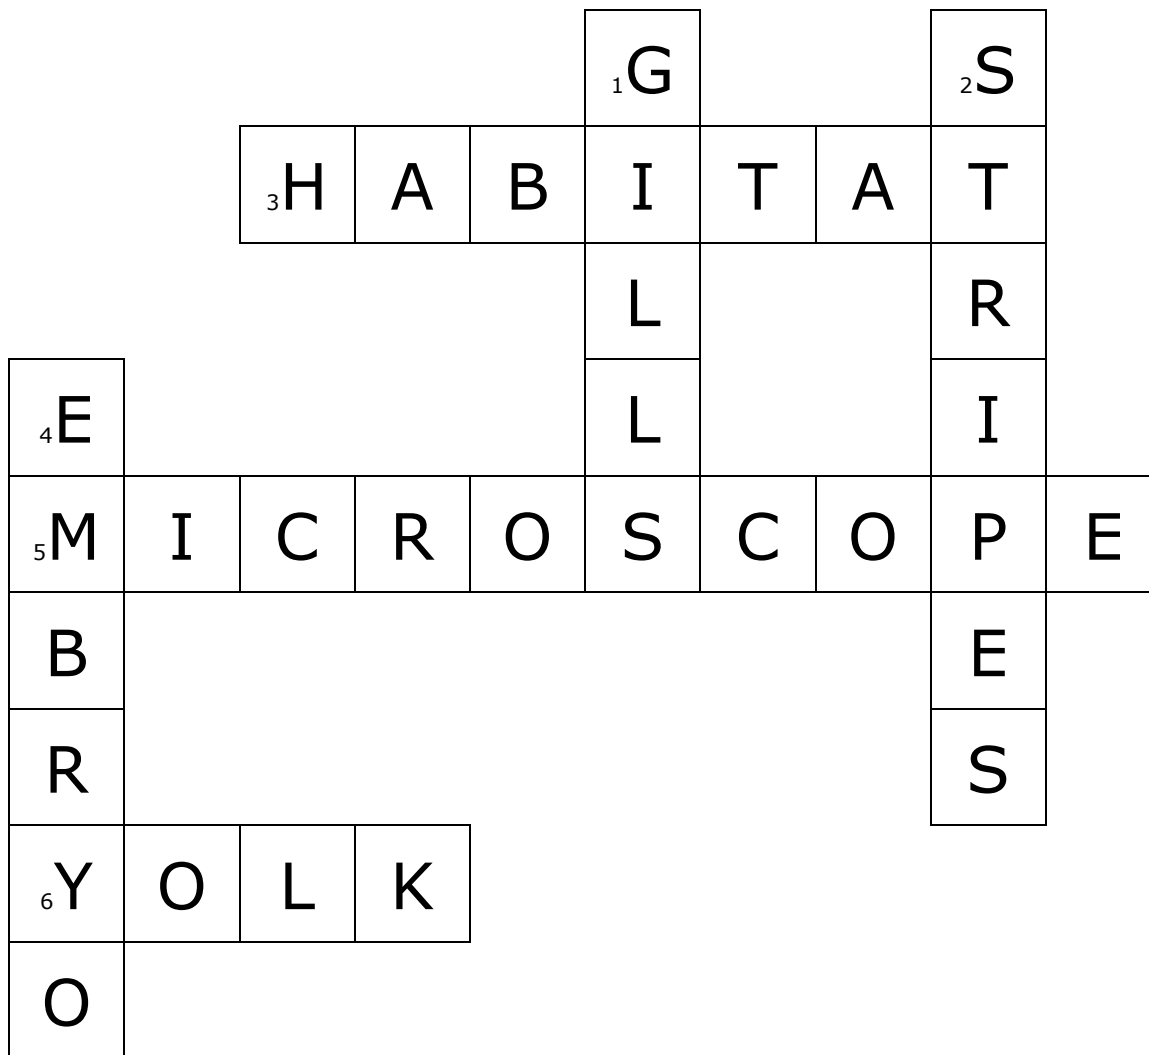

- 1 Organs allowing fish to breathe.
- 2 The reason we call them ZEBRAfish.
- 4 A fertilized egg that is growing and developing.

Word Bank

embryo	habitat	stripes
gills	microscope	yolk

Name _____

ZEBRAFISH CROSSWORD SOLUTION (LEVEL 1)

Across

- 3 Where an animal lives.
- 5 Makes small things look bigger.
- 6 Food for the embryo.

Down

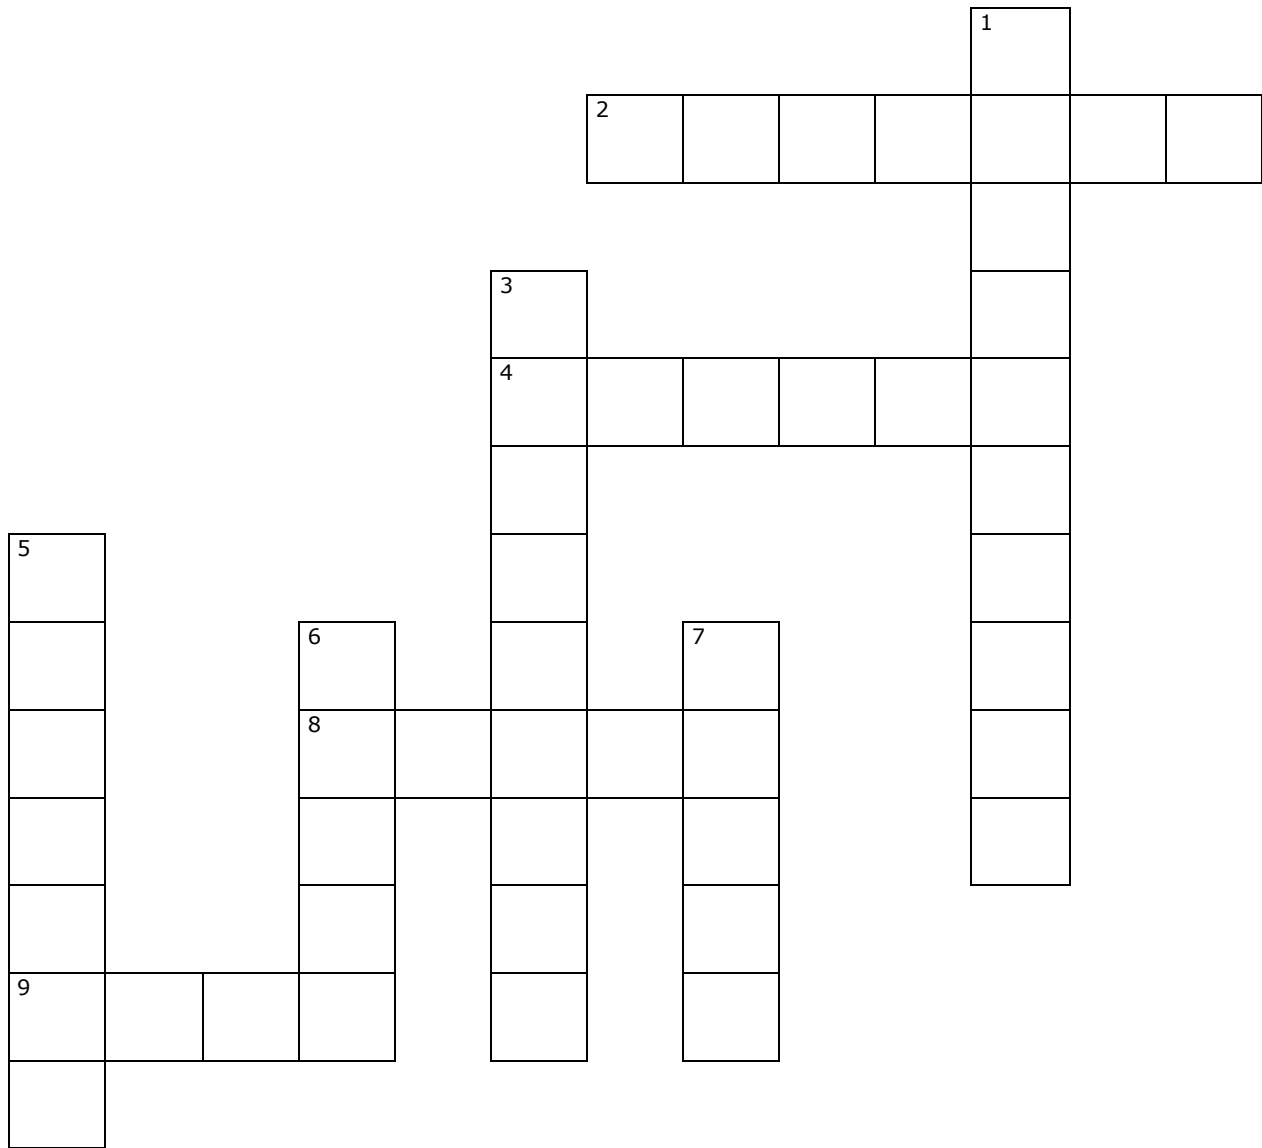

- 1 Organs allowing fish to breathe.
- 2 The reason we call them ZEBRAfish.
- 4 A fertilized egg that is growing and developing.

Word Bank

embryo	habitat	stripes
gills	microscope	yolk

Name _____

ZEBRAFISH CROSSWORD PUZZLE (LEVEL 2)

Across

- 2 Protects the embryo
- 4 A baby animal that hasn't been born or hatched yet
- 8 The country wild zebrafish usually live in
- 9 The female fish can carry hundreds of these

Down

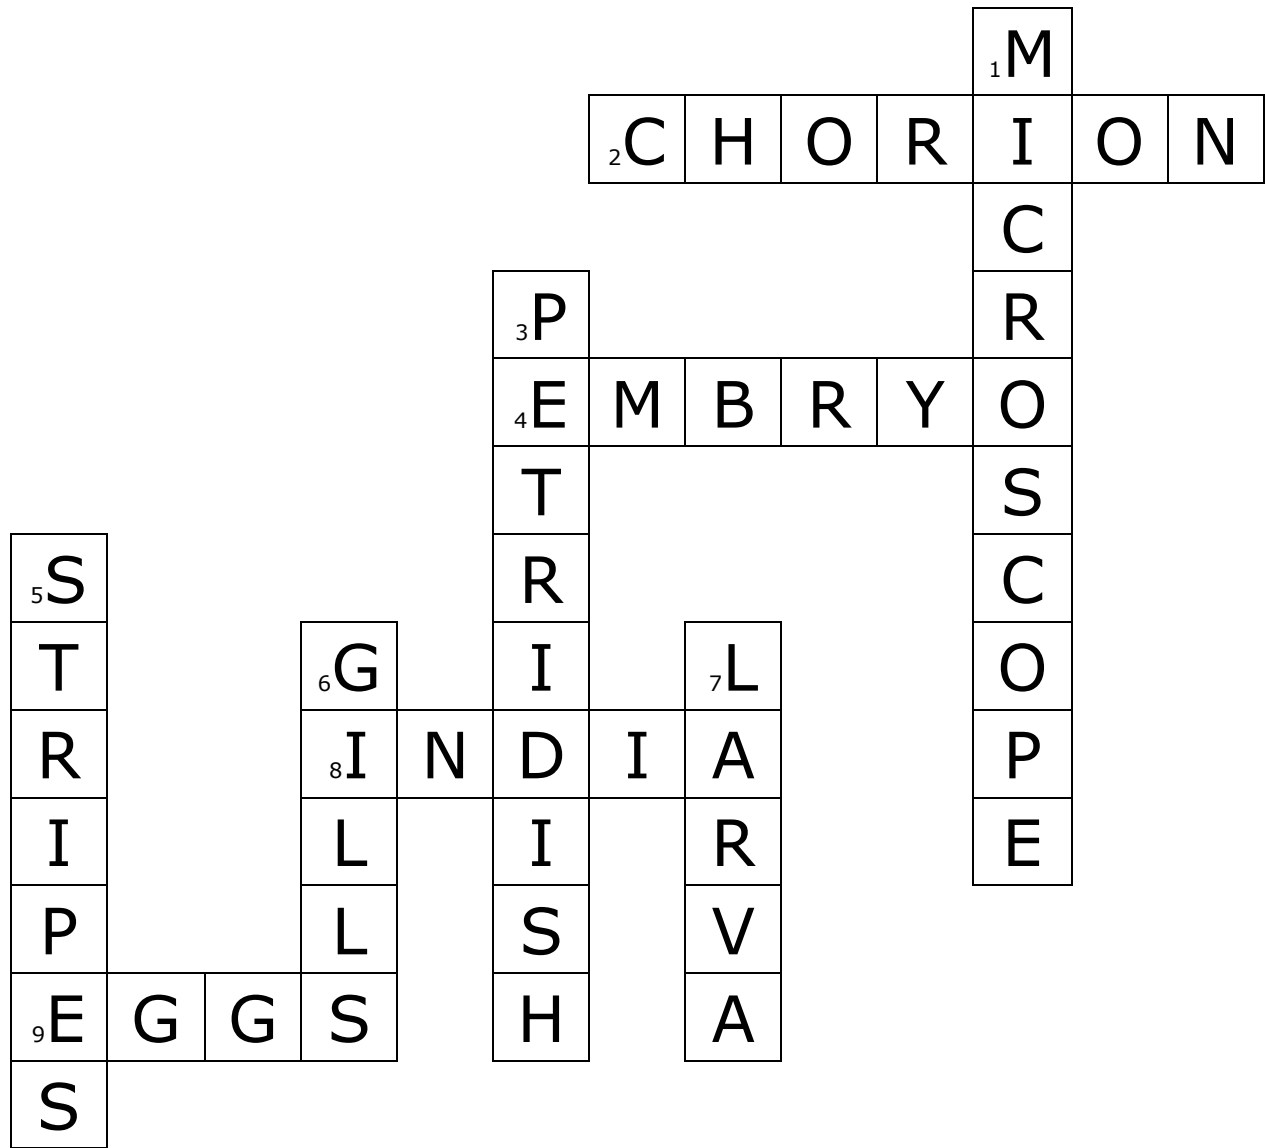

- 1 Makes small things look bigger
- 3 Small container that the eggs grow safely in
- 5 The reason we call them ZEBRAfish
- 6 Organs allowing fish to breathe.
- 7 A hatched zebrafish is called this

Word Bank

chorion	gills	microscope
eggs	India	Petri dish
embryo	larva	stripes

Name _____

ZEBRAFISH CROSSWORD SOLUTION (LEVEL 2)

Across

- 2 Protects the embryo
- 4 A baby animal that hasn't been born or hatched yet
- 8 The country wild zebrafish usually live in
- 9 The female fish can carry hundreds of these

Down

- 1 Makes small things look bigger
- 3 Small container that the eggs grow safely in
- 5 The reason we call them ZEBRAfish
- 6 Organs allowing fish to breathe.
- 7 A hatched zebrafish is called this

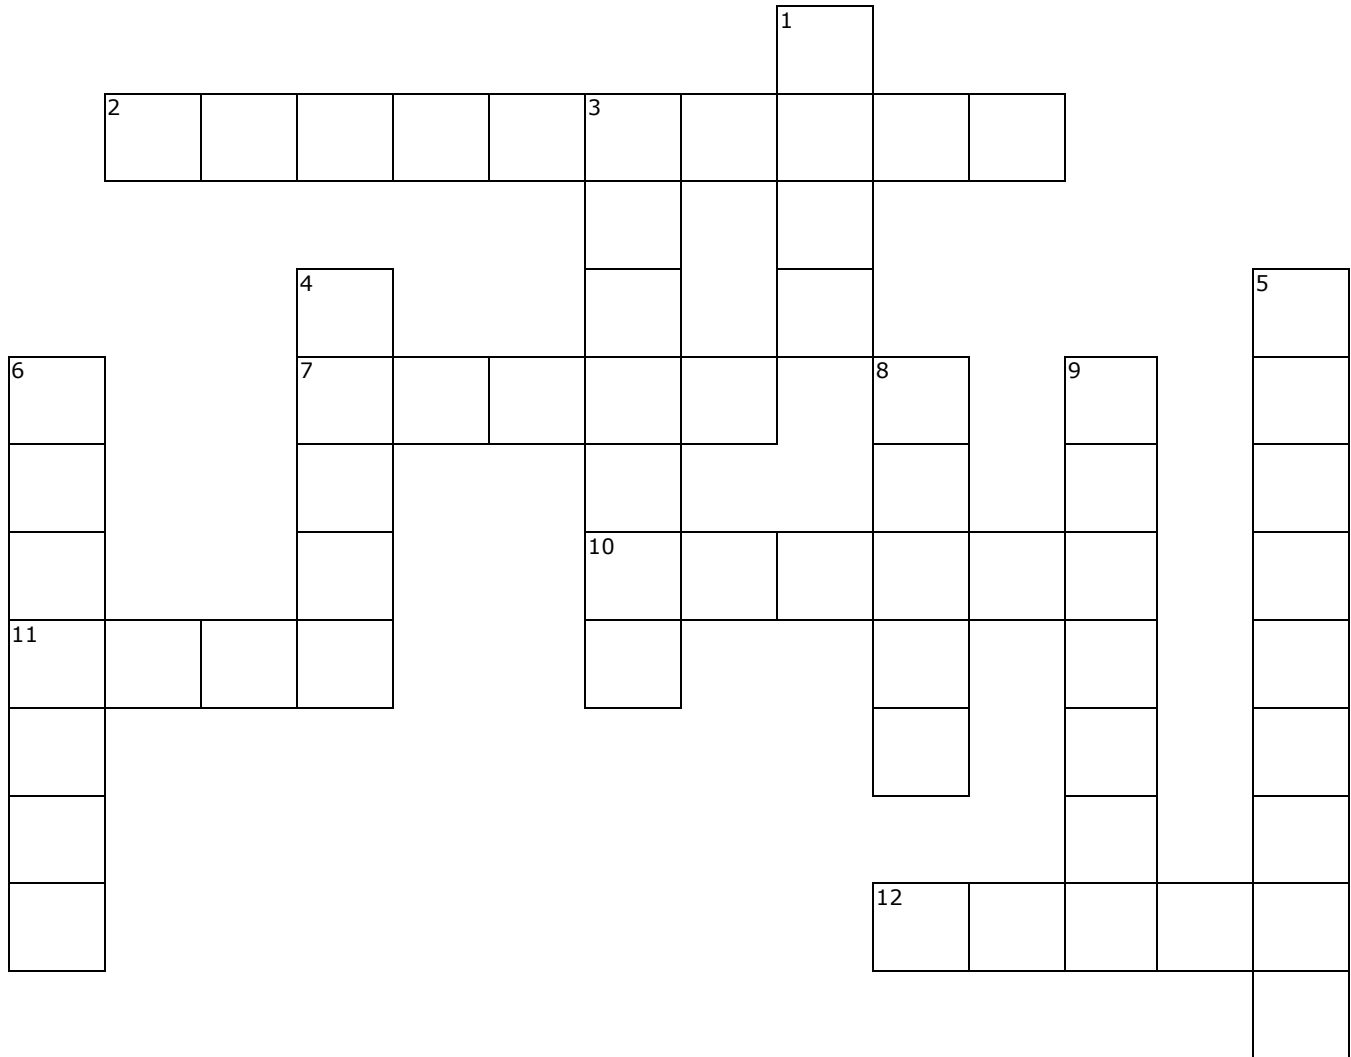

Word Bank

chorion	gills	microscope
eggs	India	Petri dish
embryo	larva	stripes

Name _____

ZEBRAFISH CROSSWORD PUZZLE (LEVEL 3)

(MAY ALSO BE DONE ON JOURNAL PAGE 20)

Across

- 2 Makes small things look bigger
- 7 The country that zebrafish mostly come from
- 10 A baby animal that hasn't been born or hatched yet
- 11 The female fish can carry hundreds of these
- 12 Organs allowing people to breathe

Down

- 1 The zebrafish embryo's food
- 3 The reason we call them ZEBRAfish
- 4 Organs allowing fish to breathe
- 5 Small container that the eggs grow safely in
- 6 A scientific tool used to clean the eggs
- 8 A hatched zebrafish is called this
- 9 Protects the embryo

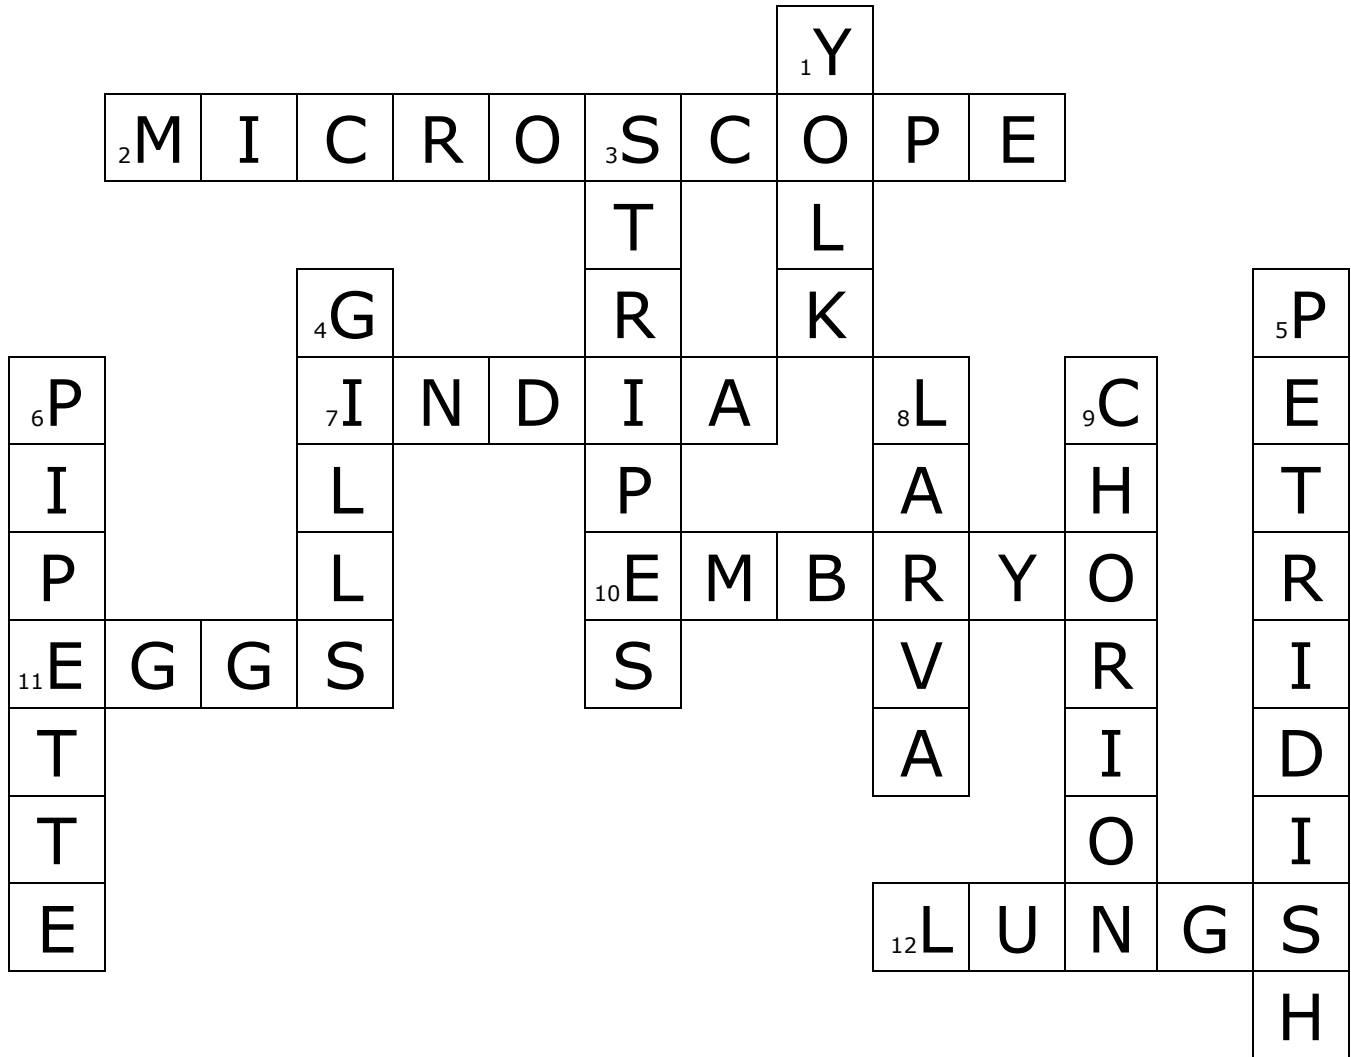

Word Bank

chorion	gills	lungs	pipette
eggs	India	microscope	stripes
embryo	larva	Petri dish	yolk

Name _____

ZEBRAFISH CROSSWORD SOLUTION (LEVEL 3)

(FROM JOURNAL PAGE 20)

Across

- 2 Makes small things look bigger
- 7 The country that zebrafish mostly come from
- 10 A baby animal that hasn't been born or hatched yet
- 11 The female fish can carry hundreds of these
- 12 Organs allowing people to breathe

Down

- 1 The zebrafish embryo's food
- 3 The reason we call them ZEBRAfish
- 4 Organs allowing fish to breathe
- 5 Small container that the eggs grow safely in
- 6 A scientific tool used to clean the eggs
- 8 A hatched zebrafish is called this
- 9 Protects the embryo
